

The DYB Executive Committee has voted to allow a pilot program to allow franchised DYB leagues in the state of Alabama to use the following non-wood bats through state tournament play.

- bats bearing the USA Baseball stamp
- bats bearing the BPF 1.15 stamp
- bats bearing the Certified .50 BBCOR stamp

All bats shall not exceed 33" in length.

The barrel diameter of the bat shall not exceed 2 3/4".

All other DYB bat rules will apply as written in the 2024 DYB OFFICIAL RULES & REGULATIONS.

Note: Only bats bearing the 'USA Baseball' stamp with a maximum diameter of 2 5/8" will be allowed for use in pool play and bracket play at any DYB World Series.

This pilot program is a short-term test to allow DYB to gather data regarding the use of bats other than those bearing the USA Baseball stamp. This data will be very important to our organization as we evaluate the needs of our leagues going forward.
