BID: Wayfinding Signage

OPENING: 10:00 a.m. local time

DATE: Thursday, July 23rd, 2026

The City reserves the right to select the lowest responsible bidder as the best interest of the City may require, to award the purchase contract from any of the bids, to reject any or all bids, and to waive any informalities in bids received. The successful bidders will be notified by letter, mailed to the address shown on their proposal, that their bids have been accepted and that they have been awarded a service contract.

The City of Auburn believes fully in equal opportunity in the provision of supplies, equipment, construction and services. Positive steps should be taken to assure that minority-owned business enterprises, veteran-owned business enterprises, or disadvantaged-owned business enterprises are given many opportunities to provide the above-mentioned services when economically feasible. Under Section 41-16-50(d), the City may award a contract to one of the above-mentioned business types if their bid no more than ten (10) percent greater than the bid of a foreign entity that is deemed the lowest responsible bidder.

3. E-VERIFY AND NO-BOYCOTT CLAUSE

All bidders are required to be compliant with the Beason-Hammon Alabama Taxpayer and Citizen Protection Act, No. 2011-535 Code of Alabama (1975) § 31-13-9 as amended May 16, 2012 regarding employment practices. For all bidders that employ persons in the State of Alabama, documentation of enrollment in E-Verify should be included with the bid and will be required as a condition for the award of any contract. All bidders are advised that the award of the contract is conditioned on the bidder not knowingly employing, hiring for employment or continuing to employ an unauthorized alien within the State of Alabama. The awarded contract will contain a provision whereby the bidder pledges not to violate federal immigration law.

Legislative Act 2016-312 (the "Act") prohibits the City from entering into contracts with any business entity that is actively engaged in or plans to engage in the boycott of a person or an entity based in or doing business with a jurisdiction with which the State can enjoy open trade; unless such business entity provides the goods or services for at least 20 percent (20%) less than the lowest business entity in compliance with the

Act. All bidders understand and agree that in the awarded contract, the lowest responsive bidder must either certify that it is in compliance with the Act and agree that it will not violate the act during the term of the contract; or agree to offer the goods or services for at least 20 percent (20%) less than the lowest business entity certifying compliance with the Act.

4. LOCAL PREFERENCE

The City elects to utilize the Local Preference Zone as established under Section 41-16-50(a) of the Code of Alabama 1975. In the event a bid is received for services to be contracted from a person, firm, or corporation deemed to be a responsible bidder having a place of business within the Lee County, Alabama and the bid is no more than five percent (5%) greater than the lowest responsible bidder, the City of Auburn may award the contract to the resident responsible bidder
