

Behavior Policy

The Library Advisory Board and Library Management Team recognize that the Library is a community space, and those present represent a diverse population. To ensure a safe, comfortable environment and great experiences for all, we have adopted the following expectations related to behavior in the Library facility and on the grounds.

- Library visitors are expected to abide by all federal, state, and local laws, ordinances, and regulations.
- Library visitors are expected to treat Library spaces and resources with respect and to treat others, including Library staff, with respect at all times, with special attention being given to behaviors that may adversely impact the ability of others to enjoy their time at the Library.

Those whose behavior is not in keeping with established community standards and the aforementioned expectations may be asked to leave the Library for a period of time to be determined by the Library Management Team.
