LET'S GET ACTIVE, AUBURN!

We're back for our 2023 season! Active Auburn is a health and wellness campaign presented by Auburn Parks and Recreation. The campaign is designed to encourage Auburn residents to get active in Auburn and connect them with their fellow residents and city parks and facilities.

Throughout 2023, Active Auburn will host several recreation or fitness-centered events to highlight parks, recreation facilities or important areas of Auburn. These activities will range from field days and scavenger hunts in the parks to 5ks and walks.

ITTY BITTY AUBURN

It's time to break out the thinking caps and magnifying glasses for Itty Bitty Auburn in celebration of Alabama's birthday! Beginning Tuesday, August 1st, participants can pick up a worksheet for the scavenger hunt at any Parks and Recreation facility or find it on the City of Auburn website, printed in select newspapers and on Facebook. The worksheet features 20 itty-bitty sites in various locations around Auburn. Participants will find these sites and find a clue inside each location. A successful scavenger hunt will reveal a special phrase which participants will need to log their win! All participants must "register" by Thursday, August 31 at 11:59 p.m. Those who compile all 20 clues and discover the phrase will be entered into the Grand Prize drawing. Winners will be announced and contacted on Friday, September 8th. **FREE to the public.**

ZUMBA GOLD

Zumba Gold was designed for the older, active adult, a person who hasn't been exercising in a long time or individuals who may be limited physically. The biggest difference between Zumba Gold and Zumba Basic is that Zumba Gold is done at a much lower intensity. It's just as much fun, just not as fast! Zumba Gold utilizes the same great Latin styles of music and dance that are used in the Zumba basic program, including the Salsa, Cha-Cha, Rock 'n Roll and Merengue. The Zumba Gold program strives to improve balance, strength, flexibility and most importantly, the heart. When you take the Zumba Gold class, be sure to wear comfortable workout clothing, bring water and a towel, along with a "ready to party" attitude! **FREE to the public.**

SEATED ZUMBA GOLD

Zumba movements are designed to mimic many typical Latin dance styles like salsa, rumba, and cumbia. Although traditionally many of these dances require use of your entire body, they can easily be adapted for people with mobility challenges. Many movements can be done with the upper body from a seated position in a wheelchair. Because so many different styles of music are usually incorporated into typical Zumba classes, participants join into the motions they feel most comfortable with. This class is a great way to strengthen the upper body as well as the lower extremities such as ankles and feet (if able). The class can be taken from your own wheelchair or from a regular chair. **FREE to the public.**

THURSDAY, JULY 6TH: WICKED AT THE FOX

WICKED, the Broadway sensation, looks at what happened in the Land of Oz but from a different angle. Long before Dorothy arrives, there is another girl, born with emerald-green skin-smart, fiery, misunderstood, and possessing an extraordinary talent. When she meets a bubbly blonde who is exceptionally popular, their initial rivalry turns into the unlikely of friendships. Until the world decides to call one "good," and the other one "wicked." From the first electrifying note to the final breathtaking moment, WICKED-the untold true story of the Witches of Oz-transfixes audiences with its wildly inventive story. It will send your spirits soaring to heights you'll never forget. Each year, the award-winning theatre hosts more than 250 shows and half a million visitors for its legendary offerings. In the past decade, the Fox has been widely recognized by leading industry influencers for excellence in arts and entertainment, preservation and arts education. It was nominated for Theatre of the Year by Billboard and Pollstar Magazines, and awarded the Outstanding Historic Theatre of the Year award in 2011 by the League of Historic American Theatres. The Fabulous Fox was most recently given the distinction by Rolling Stone Magazine as one of "The Best Big Rooms in America". Join Sarah for an afternoon of adventure at Nutwood Winery. Our afternoon will include a wine tasting, tour, and lunch. The tour and wine tasting are included in the price. Please bring extra money for lunch. Nutwood Winery is an elegant stroll back in time with a stylish stop in the present. Adorned by 200-year-old pecan trees, an iconic drive leads past the historic Greek Revival manor that defines the grounds. The manor, built in 1833 by the architect Collin Rogers, is said to be his most notable work and has helped to define southern architecture. The manor's name, Nutwood, is believed to be derived from a legend that the first pecan trees to grace Troup County were planted on the property. To this day, Rogers' signature medallion bird remains above the manor's entrance. Today, Nutwood manor is a private residence which is not open to the public. The Nutwood Winery is owned and operated by Neil and Trish Liechty whose vision is to maintain the

historic value of the property while at the same time giving it new life and purpose. Preserving the original farm and home, the winery was built using trees from the property, keeping in line with conservation efforts of this nationally recognized historic site. In the spirit of true small business entrepreneurship, Nutwood Winery remains family-owned and operated and offers the only commercial wines bottled in the LaGrange city limits. But it's more than just wine, it's an experience. "We're not trying to see how big we can become. We want quality and we want people to have a good time." Nutwood Winery offers southern charm mixed with natural beauty.

PRESCHOOL AQUATICS

Preschool Aquatics is designed for children approximately 4 and 5 years of age. The purpose of the course is to facilitate developmentally appropriate learning of fundamental water safety and aquatic skills.

Preschool Aquatics consists of three levels. No skill prerequisites are required for Preschool Aquatics Level 1. For Preschool Aquatics Levels 2 and 3, children must be able to demonstrate the exit skills assessment of the previous level. All children should be evaluated prior to the start of a session or during the first lesson, regardless of level, to determine the appropriate starting point for each child. On completion of Preschool Aquatics, children may enroll in American Red Cross Learn-to-Swim. A child who completes Preschool Aquatics Levels 1 or 2 and is 6 years old may enroll in the next level of Preschool Aquatics or move on to Learn-to-Swim Level 2. A child who completes Preschool Aquatics Level 3 may enroll in Learn-to-Swim Level 3. **\$45 per child.**

LEARN-TO-SWIM

Learn-to-Swim courses are to teach children and young teens to be safe in, on and around the water and to swim well. Aquatic and personal water safety skills are taught in a logical progression through six levels.

Participants in Level 1 are oriented to the aquatic environment and gain some basic skills in each category. As they progress through the levels, participants build on their basic skills to learn and refine various propulsive movements on the front, back and side. On successful completion of Level 3, participants have achieved basic water competency in a pool environment. By the end of Level 6, participants have the prerequisite skills and have developed the necessary skill and fitness levels for entrance into advanced courses, or other aquatic activities such as competitive swimming and diving.

The recommended minimum age for entry into Red Cross Learn-to-Swim is approximately 6 years old. There is no maximum age for any level; however, it is typical that participants in the Learn-to-Swim levels are elementary- to middle school-age children. There are no skill prerequisites for Learn-to-Swim Level 1. For Levels 2 through 6, participants must be able to demonstrate the exit skills assessment of the previous level. **\$45**

GROSS OUT CAMP

Is it icky, sticky or slimy? Can you race roly polies? How about finding animal tracks? Or make friendsssss with a scaly animal? If it's gross, we've got it! Fresh Air Family's Gross Out Camp introduces the best, the worst and the grossest wonders nature has to offer. It's the kind of science kids love – hands-on, a bit disgusting, in the Great Outdoors. It's an award-winning science camp for campers entering first through fourth grade. (It's science, but please don't tell the kids!). Fresh Air Family (FAF) is offering Gross Out Day Camp outside, in the natural habitat of children. Taught by expert naturalists and instructors with advanced science degrees, the campers explore their world to discover zoology in the form of decomposers (worms), centipedes (bugs), crustaceans (roly polies and crawdads) and the occasional lizard (skink). Campers learn about polymers (slime), Isaac Newton (oobleck), and chemical reactions (vinegar

and baking soda). The week-long camp is limited to 20 to 25 children – the perfect class size for learning. Camps cater to working parents and runs from 9 am – 5 pm, with an option for 8 am – 6 pm, Monday through Friday.

\$315 per week. \$340 per week with before and after care. Counselor in training \$155 per week.

Roll up your sleeves and prepare to get messy as we write, design and create! **Working with words** – the foundation of any play is the script and everyone has a story to tell. We will use age-appropriate methods and tools, (crayon, pencil, pen and paper) to create a script.
