

HOME - MADE EXPLOSIVES:

AWARENESS. RECOGNITION. RESPONSE.

Auburn Public Safety Training Center

COURSE DESCRIPTION

The HME course is designed to provide emergency first responders with the knowledge and skills necessary to recognize and respond to incidents involving Homemade Explosives (HME).

COURSE OBJECTIVE

Emergency first responders are presented with information on the identification of HME explosive precursor chemicals, HME manufacturing indicators, HME exposure indicators, and pre-detonation and post-detonation response actions.

COURSE COMPONENTS

Throughout this course, emergency first responders discuss how to implement safe response strategies when recognizing the presence of HME indicators; understanding these response actions is critical to mitigating the hazards associated with HME.
